THEY'RE NOT 'OUR PEOPLE'

A Birmingham School...

... but it could be a photograph of a primary school assembly in any one of thousands of schools in cities all over Britain. Asians in Britain are breeding at more than double the White birth-rate.

WE ARE BEING SWAMPED!

THE BLACK POPULATION in Britain has DOUBLED in ten years! It is almost certain to leap another 50 per cent in the next eight years!

These frightening facts about the Black birth explosion have been revealed by the Government's Central Statistical Office. They prove that a rising tide of coloured births threatens to totally swamp our country in years to come.

According to the Government report, *Social Trends No. 9*, there were 973,000 coloured Immigrants in Britain in 1967. By 1977 this had shot up to 1,850,000, an increase of 100 per cent in ten years.

Even if we believe these Government-produced figures, this population spiral spells disaster for Britain for the report indicates that by 1986 the Black population will have trebled.

The report shows that while immigration accounts for a major

part of this huge increase, the main reason now is the catastrophic birth rate.

No less than 40 per cent of Britain's Black population consists of people born in this country. This figure, however, does not include their children — second generation Blacks — whose numbers are not even known!

The full horror of these statistics can be realised when compared with the notorious population explosions in Third World countries.

In teeming Bangladesh, the yearly population increase is 3 per cent. But the average yearly increase of Britain's Black population has been over 7 per cent!

Meanwhile, as the Government report confirms, the White birth rate continues to slump dramatically.

Not long after *Social Trends No. 9*, yet another shock report was issued in February by the Office of Population Censuses and Surveys which confirmed the terrifying Black baby boom.

Births to mothers from India, Pakistan and Bangladesh alone had risen to 7.8 per cent of the total 569,300 live births in 1977.

A third report, published by the Greater London Council, revealed that more than half the babies born in six London boroughs were born

to coloured Immigrants in 1976. (One sixth of the country's births are in London.)

The top six boroughs are Brent, where 65 per cent of births are Black; Haringey and Kensington & Chelsea, 57 per cent; Westminster, 54 per cent; Ealing, 53 per cent; and Hackney, 52 per cent.

In London as a whole, 21 per cent of births were to West Indian and Asian mothers. That incredible figure does not include a further 8 per cent of births to mothers of "other countries," nor does it include second generation coloured or mixed-race births.

In other words, it is certain that 1 in 3 births in London are Black! This is a figure which Enoch Powell predicted for the year 2000!

And what of Britain as a whole?

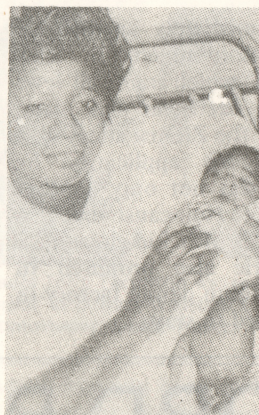

These Government figures enable us to glimpse our nation's terrifying future.

We know that of the alleged "2 million" Blacks in Britain, 1.2 million of the actual Immigrants produced 42,000 births in 1976 (7.3 per cent).

At this rate, the other 40 per cent of Blacks born in this country must have produced 28,000 more births (counted as "British") — a total of 70,000 Black births in one year!

Add to this half of the births classified as "other countries", and we have 78,000 non-White births in one year. THIS MEANS THAT OVER 13 PER CENT OF ALL BIRTHS IN OUR COUNTRY ARE BLACK — ALMOST ONE IN SEVEN!

N.F. WINS RACE ACT ELECTION LEAFLET TEST CASE

AN attempt by the Government to try and use the Race Relations Act to render unlawful National Front election leaflets on the subject of Immigration has FAILED.

Mrs. Helena Steven, the NF candidate in the April 1978 Lambeth Central (Brixton) Parliamentary by-election, and her election Agent Mr. Desmond Fenwick had been charged with issuing a leaflet "likely to incite racial hatred."

The leaflet was an 'open letter' to female voters demanding strong action against the gangs of mainly

Black muggers who plague the area.

At the committal hearing at South-Western Magistrates Court on 23rd January the NF's Counsel, Mr. Nicholas T. Fridd, argued that the leaflet, though strongly worded, did not meet the charge's requirement of being "insulting, abusive or threatening."

The Magistrate reluctantly agreed and so threw the case out. This victory has achieved two important results:

Firstly it has blocked an attempt by the Government to try and inti-

midate NF members from standing as candidates.

Secondly, the threatened moves to stop the Post Office delivering NF election mail have been denied any legal justification.

After the verdict a Scotland Yard 'Community Relations Squad' officer told Mr. Fridd: "We didn't expect to win this case..."

If that is so, why did the authorities charge Mrs. Steven, a mother of a young child, and subject her to such worry and strain?

BOYCOTT THE EURO-ELECTION

THE National Front is a democratic party. That is why there was a lively year-long internal debate on the question of the coming elections to the European 'Parliament'. Should the party nominate "National Front Anti-Common Market" candidates for the purpose of exploiting campaign publicity opportunities — or should we shun such action as our involvement might be misinterpreted as a change in NF policy towards acceptance of Britain's EEC membership?

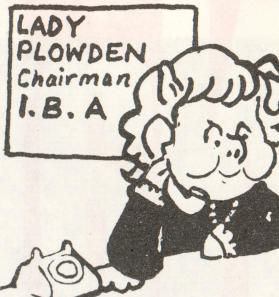

The National Front is also a disciplined party. Once the debate on Euro-elections was concluded at the magnificent party Conference held in January with a decisive membership vote against NF participation, further argument ceased as the party united to promote a "Boycott the Euro-

Election!" campaign.

This campaign to "stir up public apathy" will not be an uphill struggle as the British people are already far from enchanted with any of the works and pomps of the Common Market. Pundits are predicting a poll of only 40 per cent of the electorate. Even the heartily pro-Europe Conservative Party — which stands to do best in the election — has indicated that it knows the Euro-'Parliament' will have no real authority by selecting as its candidates the biggest crowd of county-set political non-entities and haw-hawing chinless wonders ever assembled outside a P. G. Wodehouse novel.

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful — only "racial hatred".

NEWSPIG

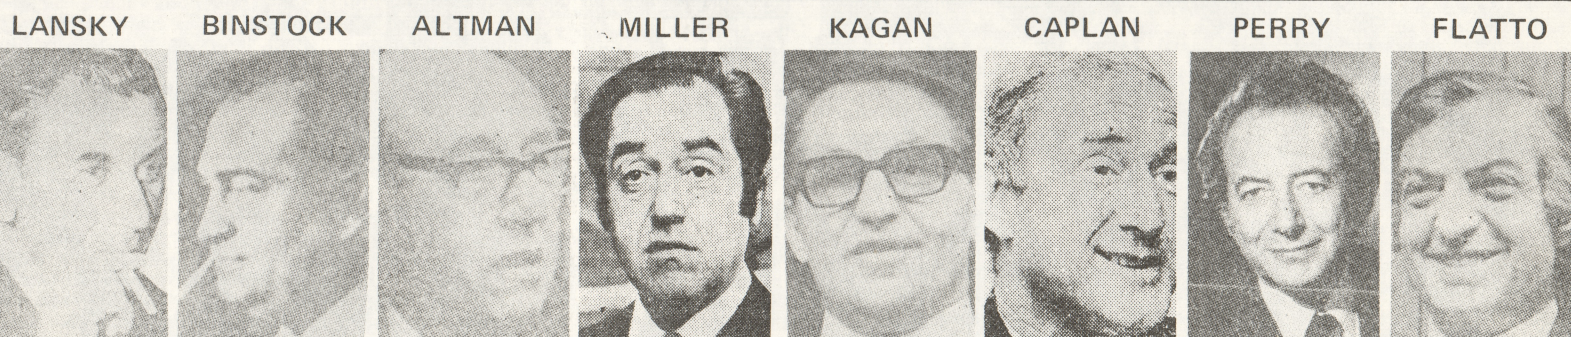

"Lord Bernstein, Lord Grade, Michael Grade, Michael Braham, Brian Lapping, Jeremy Isaacs and a host of Independent Television network owners and executives have assured me the suggestion that a 'Kosher Cosa Nostra' has a stranglehold over Independent Television is totally without foundation. They and their relations have achieved their current positions of influence solely on merit."

YNF STUDENTS SEMINAR

A training seminar for YNF students will be held at a Midlands venue from 11.00am to 7.00pm on Saturday 7th April. Social afterwards. YNF students from all parts welcome. Free overnight accommodation available. Write YNFSO, PO Box 105, London EC2 for further details.

THE UGLY FACE OF ZIONISM

ZIONIST SUPER-CROOKS BRING LOOT TO ISRAEL

ZIONISM is the cover for the activities of a network of super-criminals who are robbing Western nations of hundreds of millions each year. Israel acts as the bolt-hole for a monstrous empire of crime in return for a share of the loot.

These assertions are not just based on the latest revelation about Zionist Sir Eric Miller's contacts with Meyer Lansky, Zionist banker of America's crime 'Syndicate' (supreme leadership of which long ago slipped away from Italian *Mafiosi*), but on the established facts of numerous Zionist-run fraud operations.

The publication in January of the official report on the late Sir Eric Miller's activities as boss of Peachey Properties started to awaken the public to the existence of the Zionist Crime International, but there were earlier warnings:

"A FLOATING CONSPIRACY"

"We have only cut out a segment of a floating conspiracy consisting of an unknown number of separate cells operating all over the world."

So said a Scotland Yard spokesman after the conviction last May at the Old Bailey of the so-called "Hungarian Circle" which had been defrauding banks all over the world at an estimated rate of £200 million a year by means of forged bank

drafts.

The leaders of the conspiracy were all Eastern European Zionists. Their boss, Henry Oberlander, claimed not only to be a "survivor of the Holocaust" but an Israeli Intelligence agent. Claiming involvement with the kidnapping of Adolf Eichmann, he attempted to explain his constant flitting about the world as "Nazi hunting".

As he had the use of 25 passports and could obtain official governmental rubber stamps stolen from Arab Embassies all over the world his claim to connections with Israel's Intelligence service cannot be dismissed — and the Israeli government has not done so.

Lord Joe Kagan was in Israel with Sir Harold Wilson when his Gannex companies were raided last December on warrants which also named his wife Margaret and son Michael and co-directors Vlademar and Ibbey Ginsburg and Raymond Kennedy, and which specified currency frauds.

"LAW OF THE RETURN"

Kagan immediately applied for Israeli citizenship under the "Law of the Return" which grants all Jews the right to settle in and claim citizenship of the Zionist state.

To boost his application he declared he was not only another "survivor of the Holocaust" but also a victim of "British kid-glove anti-semitism"! He also promised to build a £3 million denim factory in Israel if allowed to stay.

Sir Harold Wilson has yet to announce if he will continue to allow Kagan to pay the essential running costs of his personal political office.

Another crooked top Zionist who sought to swap favours and patronage with Sir Harold Wilson was Sir Eric Miller. His £3,304 champagne party for Wilson is well-known, but he also subsidised Wilson's political office.

Miller allowed Zionist Labour MP Maurice Orbach to live virtually rent-free for 16 years in a Peachey luxury apartment. Orbach founded the Trades Advisory Council to "defend the image of Jewish businessmen".

"FRIENDS OF ISRAEL"

Miller also spent Peachey money to hold Zionist fund-raising junkets at the Churchill Hotel. Cash was lavished on Labour Friends of Israel, Jewish War Widows and Israeli Independence Day functions. He also made a £100,000 cash donation to Israel via his millionaire Zionist friend Sir Charles Clore.

In all Miller spent £237,000 on "entertainment" alone at the Churchill Hotel from 1970 to 1976. A substantial part of that sum was expended on wining and dining a clique of senior Police officers.

At one stage Miller tried to recoup money he had looted from Peachey by 'investing' in massive exchange control frauds perpetrated by two notorious Zionist crooks —

"international financier" Judah Binstock and stockbroker Louis Altman — with the help of Mafia banker Meyer Lansky.

The Police stumbled on the racket. Altman was nabbed, Binstock skipped the country and now lives with his millions in Israel — and Miller lost another bundle.

Though he was Treasurer of the Socialist International Miller was not without top-ranking Conservative friends. He hired the late Mr. Reginald Maudling, MP as a "consultant" before and after his 1970/72 period in office as Home Secretary, at £5,000 then £7,000 a year.

ESTABLISHMENT RESPECTABILITY

Maudling's association with Zionist crooks began in the early 1960's when he fronted for Barney Cornfeld's billion pound "offshore" property swindle.

Former Liberal leader Jeremy Thorpe is another Establishment figure whose lust for money and veneer of respectability was exploited by Zionist fraudsters. Thorpe was a director of the usurious London and Counties Securities bank which crashed in 1973.

Bank Chairman Gerald Caplan — described by Thorpe as a man of "genius and drive" — fled to America where he was arrested on multi-million fraud charges.

Caplan's chief aide was Woolf Perry — a former Liberal Parliamen-

tary candidate, a member of the Board of Deputies of British Jews, a former Chairman of the Zionist Federation and a Vice-Chairman of the World Jewish Congress.

The economy of France is also being plundered by Zionist crooks. When tax authorities investigated the business empire of Zionist "Holocaust survivor" from Poland Sammy Flatto he fled to Israel and a £47 million fraud was uncovered.

"ISRAEL — MY COUNTRY!"

From his luxury mansion near Tel Aviv he told pressmen last year: "Israel is my land — my country!" An admiring Israeli public elected him to the Knesset — Israel's Parliament.

Not all Zionist businessmen are engaged in such criminal activities. Some have concentrated on buying up the mass media — especially the TV networks. They use the media to push two types of propaganda:

The first is designed to induce guilt and anxiety feelings about Zionist-Jewry and Israel in the hope of rendering all criticism of them psychologically and politically — if not legally — impossible.

The second is designed to persuade the public that the National Front should not be accorded basic democratic rights and that the mob violence displayed against it by the Left is 'justified'.

The National Front is the only party that dares to oppose Zionist "International Finance".

WHAT DO LORD BERNSTEIN, BRIAN LAPPING AND RONNIE 'GRAHAM' HAVE IN COMMON?

Here's the "Special Branch Policeman" — an AJEX plant who incited crime!

LORD Bernstein is a Zionist. He owns Granada Television which weekly transmits nationwide a "documentary news" programme called *World in Action*. The Executive Producer of that programme, Brian Lapping, is also a Zionist — as are most of his editorial and production staff.

In the Autumn of 1977, panicked by the growth of the National Front, Britain's leading Zionist organisation, the Board of Deputies of British Jews, used its considerable influence in and over the mass media to promote an intensive anti-NF propaganda campaign.

Bernstein was responsive to the Board's initiative and instructed Lapping to set his *World in Action* team loose on the NF. They chose as their particular targets NF branches in Yorkshire.

The reason for this was that a Zionist organisation associated with the Board — the Association of Jewish Ex-Servicemen — had infiltrated one of its members into the Leeds NF Branch. He could be used to assist the film makers not just as a spy but as an agent provocateur — an inciter and creator of "incidents".

That AJEX infiltrator was Ronald Leonard White of 33 Kedleston

Road, Roundhay, Leeds 8, Tel: Leeds 662338. He joined the NF as "Ronnie Graham" giving a Headingley, Leeds 6, address.

The *World in Action* film shown last July was largely based on a long sequence of violent incidents — only two of which, in fact, involved NF members. The source claimed for many "facts" in the film was "a Special Branch policeman".

That was a lie. Ronald White is not a "Special Branch" or any other kind of policeman. He is a locum chemist who registered on 31st July, 1959, No. 53739.

His conduct had for months prior

to the *World in Action* film put him under suspicion — not least his association with neo-Nazi groups banned to NF members. Our photo shows him "Heiling" at a neo-Nazi booze-up.

He was eventually expelled from the NF last November for that kind of carry-on and for inciting young NF members to engage in acts of criminal violence — which they refused to do.

How many of the violent incidents not involving NF members but youngsters on the fringe were "organised" by this Zionist agent for the benefit of *World in Action*?

NF News Nightmare File

ATTACKS ON AMBULANCES rushing to emergency calls by mobs of Asians in East London compelled bosses of the Ambulance Service to summon officials of the Newham Community Relations Council to their Waterloo HQ for talks recently. In one incident two ambulancemen on a 999 call were dragged from their vehicle and beaten up after they had appealed to some Asians to shift their cars which were blocking the road.

"TROPICAL DISEASES should now be considered as a possibility by all doctors in Britain when diagnosing illness" warned Professor Alan Woodruff of the London School of Hygiene and Tropical Medicine last August. He tactfully attributed the need for his warning to "the rapid increases in worldwide travel." Indian Dr. Edwin Lobo, consultant paediatrician at Luton and Dunstable Hospital gave a more blunt explanation in his book on the subject published last June: *Immigrants bring illness to Britain.*

"ETERNAL VIGILANCE is needed when applying restrictions to prevent the entry of disease into this country," warned Southwark, S. London, Coroner Dr. Montague Levine last December when returning an "accidental death" verdict on Bulbir Singh who died of rabies at Lewisham Hospital in November after having returned from a holiday in India where he had been bitten by a stray dog. Even dead the Asian was a danger — it was considered "too risky" to perform a *post mortem* on his corpse.

A LIVE RAT IN OFFAL and a floor covered in rotting sheep's feet prompted Health Inspectors to impose an emergency closure order on Barkat Ali's butchers shop in Manningham Lane, Bradford. Magistrates convicted Ali in January of ten hygiene offences, fining him £200 plus £49 costs.

KICKED TO DEATH by a teenage West Indian was the way in which 90 year old Mrs. Phoebe Merrill left this world. She died a week after the assault at a block of old people's flats in Peckham, S. London, which netted the mugger £2.50.

BRANDISHING A KNIFE, a six foot tall bearded Black man, followed by two men of mixed race and all wearing black 'bobble' hats pulled over their eyes burst into the flat of a 66 year old invalid man in Windsor Towers, Toxteth, Merseyside, in January. Unnamed in the Police report, the invalid fainted and when he recovered the knifeman was standing over him while the other two raiders ransacked the flat for £5 hidden in a tin.

'A NASTY SEX ATTACK' was how Northampton Police described the ordeal of an unnamed 14 year old school-girl who was ambushed, threatened with a knife and sexually assaulted as she walked home after a music lesson. Police coyly described her assailant as: "A black-skinned man aged between 18 and 20 with short fuzzy hair..."

DEATH BY GANGRENE was nearly the fate of a young West Indian loafer who "lived rough" in mugger-infested Railton Road, Brixton. According to a report issued in February by the Brixton Neighbourhood Community Association the loafer had injured his feet "falling down stairs". A week later he was found at his 'squat' covered in his own filth and subsisting on a diet of Pepsi-Cola. Gangrene was detected in both legs which were amputated at the knees. After discharge from hospital he was accommodated in a hostel but he left it and now haunts Railton Road again.

MINISTRY OF DEFENCE 'security' is not as hot as the curry served in its canteen, Tottenham, N. London, Magistrates heard recently when they fined and ordered the deportation of Mauritian illegal immigrant Sahib Sheikh Hoosain. For 12 months prior to his arrest he had been employed as a cleaner in the "ultra-secure" Ministry building in Whitehall. Dashed bad show, what?

SIKH TEMPLE RIOTS are now a feature of Scotland's multi-racial scene. A fight involving 30 or 40 Sikhs broke out during a card game at a temple in Mill Lane, Edinburgh, the Sheriff's Court heard in February. One man was smashed in the face with a hammer. Another had a chair broken over his head. Plates, cups and glasses flew above a screaming, kicking, hair-pulling "massive breach of the peace".

£180 CHILD ALLOWANCE "back pay" will be given to Asian immigrant Dan Miah by the DHSS when he jets back into Britain with his second wife and their six children after spending a £2,500 three-month holiday in Bangladesh paid for by relations in Britain. He obtains a total of £60 a week in benefits and allowances, and lives in a £9 a week Council house in Billesley, Birmingham. "England is a good country," he told the *Evening Mail* in January.

NEWHAM: BIRTHPLACE OF CATASTROPHE

THE PICTURES of Christmas Day babies born in Newham on the front page of this paper illustrate one tiny fraction of Britain's Black birth explosion.

According to figures published by the Greater London Council, 40 per cent of the total 3,311 births in this borough in 1976 were Black. This is a rise of nearly 5 per cent in only two years.

Over the same two years, White births fell by a catastrophic 9 per cent. Since 1970 more Black and half-caste babies have been born in Newham than White.

And Newham is now so bursting with Black children that its Labour Council is engaged in a desperate campaign to spill them over into other areas — at any price!

Southend in Essex has been selected by Newham Council as their main overspill area. From local newspaper reports we can piece together the story of Newham's 'spread-out-the-Blacks' plan which could be the blueprint for Immigrant dispersal nationwide.

Early in October last year, Newham Council's Social Services Department placed an advertisement

in the local *Southend Standard* for a "Senior Houseparent" at a home to be opened in a huge detached house at Chalkwell Avenue, Southend — formerly an old people's home.

The job was described innocently as "a child care post by the seaside" for "boys and girls from five to 17 years of age."

In December, a second advertisement from Newham Council sought a deputy "Houseparent" at the same home.

The home, bought by Newham Council, obviously cost many thousands of pounds. The combined salaries of the "houseparents" total more than £7,000 a year. All this is paid for, of course, by the rate-payers of Newham.

The next event in this sinister story came two weeks after the second advertisement, when the *Southend Standard* (28.12.78) reported the reception of the first four children at the home. They were all from Newham, and of course they were all Black.

They had been transferred from Newham Social Services residential nursery in Plaistow, where they had been since their birth — four illegitimate births from Newham's menacing Black birth explosion.

It's little wonder that Newham Council is so desperate to ship out its rocketing Black population to Southend when Black children are literally being dumped on their doorstep.

A report in the Newham *Stratford Express* (16.12.78) told of a mother of five Black children who, for the second time, planned to dump four of her children on Newham Council.

A week earlier she had simply left her four children with Council welfare officers, allegedly as "a

protest against housing conditions".

Much more of that sort of thing and Newham Council would have to start opening up more homes in Southend — which is exactly what they are doing!

An edition of the *Southend Echo* soon afterwards carried an advertisement for a domestic assistant at yet another former old people's home — St. Cuthbert's, Westcliff — also owned by Newham Social Services Department!

As the Black illegitimate pour into Southend's converted old people's homes, one begins to wonder what is happening to Southend's old people!

A final surprising 'coincidence': the person who landed the £3,651 a year job as Senior Houseparent at Southend's Chalkwell Avenue home was a Mrs. Jean Collard, who happens to be the sister-in-law of Mrs. Louise Collard.

Who is Mrs. Louise Collard? She is the councillor for the Chalkwell Ward of Southend Borough Council! Small world isn't it?

NEWHAM ILLEGITIMACY

Immigrant-swamped Newham scores yet another high statistical rating — this time for its number of so-called "one-parent families". Its proportion is 17 per cent — seven per cent higher than the national average.

The figures were revealed by Mr. Harry Fletcher of the National Council for One Parent Families speaking recently on LBC Radio about one-parent families in Hackney, which also has 17 per cent.

"One-parent families" obviously correspond to the level of the Black population, with its high illegitimacy rate. Kensington & Chelsea, for example, with 57 per cent Black births also has a record number of one-parent families — a shocking 20 per cent!

NEWHAM EDITOR SLAMS 'RACE MURDER' LIE

A DEVASTATING expose of the way in which Socialist Workers' Party propagandists working within the 'Anti Nazi League' invent stories about "racist murders" of Asians in London's East End in order to stir up racial violence was published in the *Newham Recorder* in December.

Editor Tom Duncan wrote of the murder of 10 year old Asian boy Kenneth Singh (pictured right) who was stabbed to death by a man who later told his trial jury that he thought he was killing his sister while seeing his father's ghost.

Immediately the murder was discovered "... the Anti Nazi League began screaming that it was a racial murder. The pot was brought to the boiling point at a

public meeting.

"Later while Kenneth's killer was waiting to stand trial the Anti Nazi League distributed pamphlets throughout the East End saying that Kenneth was 'murdered in the street by a racist'."

"There was not a shred of evidence to back up their claim. Indeed events proved that it was outrageously untrue."

"However, for some people in the Anti Nazi League, facts are not allowed to get in the way of propaganda. Which brings us to the Socialist Workers' Party."

"If racial war ever does strike the streets of East London, their part in it will not have been a minor one."

Similar "racist murder" lies were

employed in the last episode of the *Our People* TV propaganda series.

Race: Police play a political game

THE MULTI-RACIAL experiment in Britain has failed. But the Parliamentarians who are responsible for it dare not admit their error and take steps to rectify it. Instead they flap about passing laws and throwing money around to try and make it work.

The state institution which they are leaning on ever more heavily to try and make the multi-racial society work is the Police service.

In a democratic society Parliament has the right to demand that the Police enforce its Laws as it receives a mandate to legislate and govern from the electorate.

However none of the successive Labour and Conservative governments during the past 30 years has ever sought from the electorate a mandate to import millions of Coloured alien settlers.

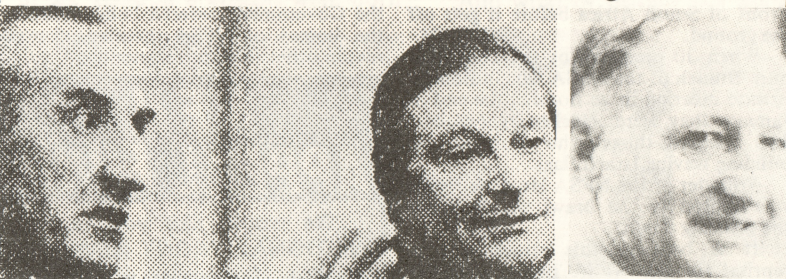

Hence the demands which the Parliamentarians are making of the Police to make the multi-racial society work have no genuinely constitutional basis.

However, the chief officers of the various constabularies seem willing to oblige the politicians — perhaps in the hope of attracting preferment, perhaps out of zeal for the multi-racial 'ideal', and perhaps out of the instinctive Police desire to try anything that might preserve public order for another day, another week, another year or two.

RACE WAR TARGETS

The Police are understandably terrified of the prospect of race war. There have been enough horrific instances of savage attacks on Police officers by Black mobs over the past year or so (on 'political' as well as 'non-political' occasions, and particularly in London, Birmingham, Wolverhampton and Manchester) for

Another press conference—another gimmick

'Community Relations Squad' boss Commander John Thornton waxes lyrical about how much he enjoyed the Notting Hill 'Carnival' as Deputy-Assistant Commissioner David Helm listens politely. (At right) Commander Leslie Walker of Lewisham wants the Moonshot Club to open again.

the Police to know that they are the prime targets of Black street-fighters.

The Police are also sensitive to the continual stream of subversive allegations from the likes of Mrs. Renee Short MP who last October demanded a Home Office investigation into her allegations that "Fascists have infiltrated the Police in order to assist the National Front."

All these factors have combined to induce the Police to engage in public relations and 'Community Relations' activities which can only be viewed as a departure from the former policy of "political impartiality".

Unless the Police are prepared to give up the policing of and making arrests in Immigrant districts, then no other gesture of goodwill by them has got a hope of raising their standing in the eyes of the Black community.

On the other hand 'Community Relations' gimmicks may lose the Police the sympathy of the majority of the White population. This danger has not prevented Metropolitan Police Commissioner Sir David McNee from writing in a March 1978 issue of the Police magazine *The Job*: "The Metropolitan Police is doing everything possible to cement relationships between ourselves and London's ethnic minorities. I will be doing everything in my power to ensure good race relations."

He also wrote of the tour of the United States and the West Indies

of local Black youngsters by donating from a special Police fund £500 to the rebuilding of the Moonshot Club — a notorious bolt-hole for muggers before it burned down.

He also gave a dripping-wet interview to the November issue of a propaganda sheet issued by the Lewisham Council for Community Relations, whose boss is Asquith Gibbes, a leading Communist.

Commander Fred Childerstone of 'W' (Wandsworth) Division recently gave an equally drooling interview to Wandsworth's 'Community Relations' rag. He said:

"The vast majority of Coloured people in this country are sensible law-abiding people who are fully integrated into our society. I don't care about colour. What difference does it make that someone is Black?"

FRONTLINE ACTION

WOLVERHAMPTON, West Midlands: Though coming way below Conservative and Labour candidates, Mr. Garth Cooper, NF candidate in a by-election for the city's Low Hill ward on 15th February easily beat the Liberal candidate into third place, 81 votes to 60. Bearing in mind that this ward has never turned in very good votes for the NF and the fact that anti-NF smear leaflets were delivered by two different groups, Mr. Cooper regards this vote as an encouraging sign for the May local elections.

PLYMOUTH, Devon: Members from all over Devon and Cornwall rallied to Plymouth recently in order to attend a meeting at which NF Deputy-Chairman Andrew Fountaine was principal guest speaker. Speaking with him were Mr. Len Bearsford-Walker, prospective NF candidate for Plymouth, Devonport, and Mr. Maurice Carter, prospective NF candidate for Bodmin. While a Red mob screamed hatred outside in sub-zero conditions the 100 strong NF crowd donated £120 to Plymouth Branch funds, whose Organiser, Mr. Derek Merry, promoted the event.

LEWISHAM, S.E. London: The circularisation of copies of *Lifting the lid off the 'Anti-Nazi League'* certainly paid off in Lewisham, reports Branch Organiser and S.E. London Regional Agent Mr. Richard Edmonds. He reports that at a full meeting of Lewisham Borough Council in December a Conservative Councillor, Cllr. Alan Humble disputed a Council decision to pay £7,170 for "precautionary measures" before the riot in the area on 13th August, 1977. Cllr. Humble told the Council: "This cost could have been avoided. Criminal thugs had been marching behind the Council's banner at the 'All Lewisham Campaign Against Racism and Fascism' rally before the National Front marched on that day..." Not wishing to hear more facts the Labour members howled Cllr. Humble down, declared that he was "slandering" them, then passed a motion saying he was to be heard no further on the issue! These amazing scenes were reported in local newspapers.

BURY, Lancashire: A bid to get the Bury NF Branch banned from holding meetings in local schools was turned down by the Bury Education Committee recently. Pressure for the ban came from the Bury Metro Community Relations Council. Even though it was aware that the Law would not allow such a ban during election times, the CRC indicated it wanted a total ban. Said CRC Chairman Rev. Gerald Downing: "The question of legal rights was raised at our *ad hoc* conference, but the mood was that such legal niceties should be left on one side." Bury and Radcliffe NF Branch Organiser, Mr. J. Marshall Bridge told the Education Committee: "During elections we would expect our legal rights. We are taxpayers and ratepayers just like anybody else and our policy is just as valid as any other." Later 40 NF Branch members held a peaceful picket outside a multi-racial 'Carnival' held in a local church hall by the CRC.

ANDOVER & BASINGSTOKE, Hampshire: Another local authority which has turned down an appeal to ban the NF from using council halls is Test Valley Council. The ban plea came from the local branch of the National Union of Public Employees after the Andover and Basingstoke NF Group had enquired about vacancies for regular meetings. Of the NUPE demand Cllr. Bob Goring said: "This is an indefensible request."

BRENT, North London: Still battling against Labour Zionist controlled Brent Borough Council's ban on renting halls to the NF is Brent NF Branch. In our last issue we reported how the Branch had held a meeting on the steps of the Town Hall. Even more publicity was won when Branch Organiser Graham John simply marched a crowd of members into Alpertown High School one evening in December after having put in the post to the Council a cheque for £2.60 - the price advertised for the hire of a room in the school. Mr. John promises to step up the Branch's cheeky war of nerves against the tyrannical Council.

STOCKPORT, Cheshire: After being the NF candidate in the violent Parliamentary by-election for Moss Side, Manchester, last year the pressure of harassment both on himself and his wife and children became so unbearable that schoolteacher Mr. Herbert Andrew resigned from the National Front after 10 years of membership. After four months he made a number of statements distancing himself from the NF and then applied to join the Stockport South Conservative Association. His application was unanimously rejected by the association's committee - a fact gleefully reported in the local *Jewish Gazette* on 19th January. There are all kinds of lessons to be learned from this unfortunate story - and not just for Mr. Andrew.

IPSWICH, Suffolk: One large coach, a mini-bus and four cars packed with East London and Lewisham NF members drove through snow and ice on 16th February to get to Ipswich Town Hall where Mr. Tony Williams, the local Group Organiser, had staged a meeting at which NF National Activities Organiser Martin Webster was the guest speaker. About 100 ANAL demonstrators, mostly imported from Essex University to try and intimidate the small local NF membership, suddenly found the presence of lots of Policemen no longer an inconvenience when the London NF members suddenly materialised and indicated a desire for a "meaningful dialogue".

NF RALLY TRIUMPH CHOKES REDS

NF Chairman John Tyndall

A TRIUMPH! That is the only word to describe the feelings of more than 1,000 NF members who attended the National Front Annual General Meeting held in the Seymour Hall, Westminster, London on Saturday 20th January.

A disaster! That was the word on the lips of a handful of skulking 'Anti Nazi League' yobbos and Marxist and Zionist 'journalists' when they eventually learned of the location of the event.

With the use of a 'cover' name to make the booking, and a chain of redirection points on the day for delegates, only 5 of the 1,000 members who attended the meeting had any idea of where it was to be held until three minutes before they walked into the hall!

That a legal political party should have to resort to such measures in Britain in order to secure the Right of Assembly is a token of our nation's political decay. Yet the only observation on this in the Press was that the NF had obtained use of a meeting hall "by deception".

All credit to NF Administration Officer Richard Verrall.

Members votes resolved that the NF would:

... not get involved with the Euro-elections; prohibit abortion on demand; restore local government; not bar Freemasons from standing in elections to the NF National Directorate; ban the 'Closed Shop'; support the Ulster Loyalists; promote Economic Nationalism and intensify the struggle against multi-racialism.

One of the highspots of the day came when about 170 of 230 candidates so far

Paul Kavanagh, Chairman of NF Properties Ltd., reports on Excalibur House.

adopted for the forthcoming General Election who were able to make it to the meeting assembled at the platform for a group photograph with NF Chairman John Tyndall to the thunderous chant of "National Front! National Front!"

Another was when NF News Editor Martin Webster (the party's National Activities Organiser) expressed his contempt for and defiance of the multi-racialist Establishment's attempts to try and intimidate him with false Race Act charges.

The meeting culminated with Mr. Tyndall making his Chairman's Address, in which he diagnosed the sicknesses that are killing Britain and rededicated the party to the measures necessary to restore the nation to health. His words were rewarded with a great ovation.

The Appeal raised more than £2,054 - an all-time record for an NF meeting.

Because of the NF's security measures, the Red Mob was denied advance knowledge of where to stage its usual riot. As a result, the mass media ignored the meeting.

"Smash! Smash! Smash! the IRA!"

A "Bloody Sunday" commemoration march on Sunday 28th January of about 1,000 IRA supporters - Sinn Fein, SWP, IMG and ANAL - disintegrated into a shambles as it was continuously harried by NF members through London's West End. The march was a gross provocation to Londoners coming so soon after the commencement of the IRA's bombing campaign. Smoke bombs (the type used to drive rats out of sewers) were hurled and fighting broke out. This led to 41 arrests - 38 NF. "It was worth it" say the arrested lads. SOUTH AFRICAN ZIONISTS IN FRENZY

SOUTH African Zionists are using their massive power to try and bully out of existence the newly-formed National Front of South Africa before it gets off the ground.

When 30 members of the Johannesburg Branch of the NFSA were holding a private meeting in an hotel at the end of January they were attacked by a mob of 400 Zionist thugs who stormed the building waving Israeli flags.

Founder of the NFSA Mr. Jack Noble was injured in the brawl which closed the meeting down.

It is believed this attack was in reprisal for the NFSA issuing a leaflet exposing the way in which Zionist landlords in Johannesburg are taking advantage of the shortage of housing for Asians by renting to Asians at inflated rates property in areas designed for Whites.

The manure really hit the fan when it became known that NF Chairman John Tyndall had applied for a visa to visit the country to engage in a speaking tour.

This led Zionist South African MP Mr. Alfred Widman, a leading spokesman for the South African Jewish Board of

Deputies, to demand that the Government "investigate" the NFSA.

Frantic to appease Zionist opinion the Government ordered Police raids on the homes of NFSA members for no reason other than harassment.

FISHER LAYS DOWN LAW TO 'ANAL'

MILLIONAIRE diamond merchant Lord Fisher of Camden, President of the Zionist Board of Deputies of British Jews, has laid down the law to the 'Anti Nazi League'.

In January he summoned to his office two of the three paid executives who run ANAL for its Steering Committee: SWP Marxist Paul Holborow and Labour Marxist Ernie Roberts.

He told them that ANAL would have to stop trying to solicit donations from Jewish businessmen and institutions; to undertake never to criticise the Board publicly; to denounce as "anti-semitism" the campaign in some universities to deprive Zionist societies of student union

recognition and funding; and to agree not to employ active anti-Zionists as top officials or spokesmen.

This last demand is a clear reference to Peter Hain, who is the third member of ANAL's paid Executive, holding the post of "Press Spokesman".

Zionists detest Hain for his long record of active support for the Palestine Liberation Organisation. This is why Fisher would not allow him to set foot in his office.

Will ANAL stand by Hain?

WHAT WE STAND FOR

- The return of leadership and statesmanship to British affairs.
- A government that will put British interests first.
- British withdrawal from the European Common Market.
- Closer links with the White Commonwealth.
- Protection of British industry by the exclusion of foreign manufactured goods from Britain.
- A sane financial system which will give to the people the purchasing power to buy the goods they produce.
- The revival of British farming.
- British ownership and control of British industry and resources.
- A clamp-down on social security spongers and the restoration of the incentive to work.
- An end to immigration and a start to repatriation.
- British support of the Whites in Rhodesia and South Africa.
- An end to financial aid to black dictatorships.
- The strengthening of Britain's defences.
- Tougher treatment of criminals.
- The banning of the IRA, the death penalty for terrorists and firm support of the Loyalist majority in Northern Ireland.
- The elimination of Communism in Britain, in the mass media, in the factory and in the schoolroom.
